

Envisaged Product Workflow

The nine-stage tender lifecycle as the platform runs it. Agents carry the work; three mandatory gates keep the decisions with named people. Select any stage to see what is automated, what stays human, and what it produces.

Stages 4 & 5 run in parallel · Rework loop after DG3 · Stage 9 feeds back to Stage 1

1

DG1 — Pursue or Discard

After Stage 1 · Bid Manager · ≤ 24h

2

DG2 — Bid / No-Bid

After Stage 3 · Bid Committee · ≤ 24h

3

DG3 — Final Bid Approval

After Stage 7 · Tender Review Board · ≤ 48h

Stage 9 — Post-Award Oversight & Learning

Primary agent: Delivery Oversight + Learning Loop Agents · Business owner: Project Director / Bid Office · Control point: Loop → Stage 1

AGENT DOES (AUTONOMOUS)

- Milestone and obligation tracking
- Deviation detection and corrective actions
- Win/loss pattern analytics
- Supplier scoring and margin model refresh

OUTPUTS

- Live KPI dashboards
- Audit and compliance reports
- Win/loss trend reports
- Updated scoring and margin models

HUMAN DOES

- Project Director leads delivery
- Bid Office accepts model refinements
- Sponsor reviews quarterly governance

ACCEPTANCE / KPI

- ~35% fewer delivery delays
- Calibration improves quarter on quarter

Who does what, stage by stage

Role	S1	S2	S3	S4	S5	S6	S7	S8	S9
Tender Coordinator	R	I	I	.	.	.	.	I	I
Bid Manager	A	C	R	C	C	C	C	A	I
