Margin scenarios

You select · the platform records

SCENARIO	PRICE	MARGIN	WIN PROB.
Base	₹ 486 Cr	12.1%	74%
Stretch	₹ 502 Cr	14.9%	58%
Defensive	₹ 469 Cr	9.2%	86%

Base and stretch carry near-identical expected value. The agent surfaces this rather than resolving it — the trade-off between margin and backlog is a commercial judgement, not a calculation.
